## Presentation and links

The screenshot shows a Linux desktop environment with a Chromium Web Browser window open. The browser title bar reads "Where state of the Art in Artificial Intelligence meet Talent | LabLab - Chromium". The main content of the browser shows the "Teams" section of the hackathon dashboard. It features three team cards:

- AI Wizards**: A team of two robots, one wearing a top hat and goggles, the other a bowler hat and glasses. Description: Welcome to our AI hackathon team! We are a group of talented individuals with a passion for using... Team members: Nob.
- Nob**: A team of one person, represented by a small circular icon.
- General Wisdom**: A team of five people, represented by icons of various characters.

Below the teams, there are two buttons: "Presentation link" and "Github repo".

## From the event

A graphic for the AI21 Labs Hackathon. It features a large white starburst on the left, a blue and pink celestial body, and a blue and pink neural network graphic on the right. Below the graphic, the text "AI21 Labs Hackathon" is displayed in white. At the bottom, there are logos for AI21 labs, new native group, NEXTGRID, and lab lab ai.

Unlocking state-of-the-art artificial intelligence and building with the world's talent
